

THE
DOMINUS CODE

F*CK MONOGAMY. BUILD A DYNASTY.

BY SPENCER TARRING

"The world doesn't need more happy men. It needs strong ones."

THE BOOK

The **Dominus Code** is not a self-help book. It is a declaration of war against the mediocrity of the modern male experience. This manifesto dismantles the "Great Softening" of Western men, arguing that modernity has tricked men into trading sovereignty for comfort.

🔗 FUCK MONOGAMY

Why the 'Tribe' model is the only way to secure true legacy.

⚡ POLARITY IS NATURE

Reclaiming the dynamic where masculine leads and feminine follows.

🌐 SOVEREIGN INDIVIDUAL

Escaping the 'Serfdom' of failing nation-states.

🔥 FATHER IS FIRE

A father must be the axis of the home, a source of order.

THE AUTHOR

Spencer Tarring is a builder. He has lived the extremes of the modern male arch: from the high-speed excess of Shanghai's VIP nightlife to the disciplined sovereignty of his Bali compound. He is not a guru. He is an operator.
